Consistent Colors

http://labs.ideeinc.com/
**Color Choices**

- Poor Color Choices
  - Font Size - use no smaller than 20 point size. Use simple sans-serif fonts such as Arial or Verdana.
  - Colors - avoid large white backgrounds. Use highly contrasting colors. White text on a blue background is a good combination.
  - Try to keep slides uncluttered (avoid excessive clip art).
  - Increase fonts in web pages by using mouse scroll wheel (is there an icon with a scroll wheel?)

- Poor Color Choices
  - Font Size - use no smaller than 20 point size. Use simple sans-serif fonts such as Arial or Verdana.
  - Colors - avoid large white backgrounds. Use highly contrasting colors. White text on a blue background is a good combination.
  - Try to keep slides uncluttered (avoid excessive clip art).
  - Increase fonts in web pages by using mouse scroll wheel (is there an icon with a scroll wheel?)

**Better Color Choices**

- Good Color Choices
  - Font Sizes - use no smaller than 20 point size. Use simple sans-serif fonts such as Arial or Verdana.
  - Colors - avoid large white backgrounds. Use highly contrasting colors. White text on a blue background is a good combination.
  - Try to keep slides uncluttered (avoid excessive clip art).
  - Increase fonts in web pages by using mouse scroll wheel (is there an icon with a scroll wheel?)

**Spot the error**

1. Active lecturing
2. Effective handouts
3. Learning strategies
4. Assessment techniques
5. Pedagogy
6. Brainstorming
7. Show slide with statement or question
8. Partner up and brainstorm things that relate
9. Write list, concept map, narrative

**Spot the error – Better**

1. Active lecturing
2. Effective handouts
3. Learning strategies
4. Assessment techniques
5. Pedagogy

**Spot the error – Different**

- Active lecturing
- Effective handouts
- Assessment techniques
- Learning strategies
- Pedagogy
What factors support faculty self efficacy in readiness to teach online?
What factors impede faculty readiness to teach online?
What motivations do faculty hold concerning readiness to teach online?
What de-motivations do faculty hold concerning readiness to teach online?
What are the perceived causes of faculty resistance to web based teaching?
What attitudes and beliefs are conducive to faculty teaching online?

Posters – Drawing Guides

Right mouse click a blank part of the screen.

Using Drawing Guides
To move the guides, drag them with the mouse. The distance from the center of the slide will be displayed as you drag the guide. To duplicate the guide, hold down the Ctrl key as you drag. To delete a guide, drag it off the screen.

Day 1

- Patient is admitted to the ICU with respiratory failure:
  - Respiratory rate 28 breaths/min, peripheral oxygen saturation 95% (6 L oxygen/min via mask)
  - He has been hospitalised for 4 weeks because of haemophagocytic syndrome (diagnosis by bone marrow smear)
- Received therapy:
  - HLH4 protocol (etoposide, dexamethasone, cyclosporin A)
- History of multiple periods of fever of unknown origin
Patient is admitted to the ICU with respiratory failure:

Respiratory Rate:
28 breaths/min
Peripheral O2 saturation 95%
(6 L oxygen/min via mask)

Patient History:
He has been hospitalised for 4 weeks because of haemophagocytic syndrome (diagnosis by bone marrow smear)
History of multiple periods of fever of unknown origin

Received therapy:
HLH4 protocol (etoposide, dexamethasone, cyclosporin A)

Day 1

Patient is still in ICU with respiratory distress:

Respiratory Rate:
44 breaths/min
Peripheral O2 saturation 85%
(6 L oxygen/min via mask)

Treatment Plan:

Day 2

Chest X-ray 4 weeks prior to ICU admission

Chest X-Ray
4 weeks prior to ICU admission

Barriers to emergency room referrals for substance abuse patients that require further care

Barriers to emergency room referrals for substance abuse patients that require further care

Presented by: Zaynab I. Major
IRB Protocol # 2009-U-0018

Overview

- Background
  - Substance Abuse
  - Statistics on Substance Abuse
  - Profile of Substance Abuser
  - Emergency Department
  - Treatment Centers
- Formulation of Study
- Purpose
- Methods
- Results
- Discussion
- Public Health Implications
What is Substance Abuse?

- According to WHO\(^1\)
  - “…the harmful or hazardous use of psychoactive substances, including alcohol and illicit drugs”
- Beliefs\(^2\)
  - Big deal?
  - Moral weakness or character defect?

What's the big deal? It's a moral weakness or character defect.

According to WHO\(^1\)

Treatment Centers\(^5\)

<table>
<thead>
<tr>
<th>Treatment Program</th>
<th>Characteristics</th>
</tr>
</thead>
<tbody>
<tr>
<td>Inpatient</td>
<td>Treatment provided at hospital or medical center</td>
</tr>
<tr>
<td>Residential</td>
<td>Patient lives in treatment environment</td>
</tr>
<tr>
<td>Partial Hospital or Day Treatment</td>
<td>Patient attends treatment sessions for 4 to 8 hours a day</td>
</tr>
<tr>
<td>Outpatient</td>
<td>Patient receives treatment at night or on weekends</td>
</tr>
<tr>
<td>Methadone Clinics</td>
<td>Outpatient basis for patients that abuse opioid drugs and need medication to help with the treatment process</td>
</tr>
</tbody>
</table>

Purpose of Study

- To find out what barriers emergency department health care workers face with providing referrals for substance abuse patients that need further care

To find out what barriers emergency department health care workers face with providing referrals for substance abuse patients that need further care
A Community Needs Assessment: Health and Environmental Needs in the City of Archer

Dyanne Herrera

The City of Archer

- Alachua County, FL
  - Southwest
  - 32618
- 1858 –renamed
  - After James T. Archer
- Population
  - 1,289
- Racial demographics
  - 60.7% Whites
  - 37.6% African Americans
  - 2.2% Hispanics
